- Environmental

Aveva Means Flexibility

Aveva's system is designed to provide the unique data collection that any department requires.

Public Health Focused EHR

Aveva brings you the EHR features your agency needs — *without* the costly components meant for hospitals and large medical practices.

The Most Robust Data System Available...

Cybersecurity & Risk Management

Identity & Access Management

Data Management & Analytics

Legacy System Migration

Data System Modernization

Secure Cloud Management

No matter what your Public Health data collection needs are, Aveva does it. If you've never seen Aveva, or haven't seen our capabilities recently, you're in for a brand new experience.
